HORECA EXPERT

QUALITY AND SAFETY:

The primary goal of our company is to meet the requirements and expectations of our customers when it comes to the quality and safety of our products.

By adhering to certified quality and food safety management systems (ISO 22000:2005, IFS, BRC), the whole process is supervised, from plantation to the finished product.

At every step of the production stage both the manufacture process as well as the qualitative assessment of the product are controlled.

PRODUCTS:

- tried and tested fruit and vegetable varieties, adapted to our soil and weather conditions,
- raw materials acquired solely from proven Polish farmers from southeastern Poland,
- we choose only the ripe and healthy fruit,
- thanks to appropriate processing of raw materials (blanching, flash freezing) in line with strictly defined criteria, our products preserve their colour, firmness, freshness and taste.
- it saves time, money and is really convenient,
- modern form, good divisibility – portioned products,
- non-GM, no preservatives or flavouring ingredients.

all that is being done so you can truly enjoy the dishes served in your favourite restaurants and canteens!

FRUIT

5 907431 380112 >
